EXPERIENCE

Real Estate Agent, RE/MAX

Dec 2021 — Dec 2022

- Delivered informed property valuation guidance in line with current market trends, managing essential documentation such as purchase contracts and closing statements.
- Executed comprehensive COMPS analyses for competitive pricing, ensuring the daily satisfaction of clients' varied needs and preferences.

Operations Admin I, FedEx

July 2020 — Feb 2022

- Managed administrative and operational functions including quality assurance, customer service, and records management to optimize delivery efficiency.
- Acted as the primary point of contact for customer inquiries, leveraging skills to ensure prompt, accurate resolutions, enhancing customer satisfaction and operational targets.

EDUCATION

Rutgers University, Computer Science, Bachelors of Arts

Expected Jan 2025

- Cumulative GPA: 3.5

PROJECTS

Panda Automation

- Designed a website that collects user input, automating Panda Express surveys through Selenium API integration, and data management via MySQL.

Hackathon Student Budget App

- Collaborated with a team to develop an app using Swift, Wakefern APIs, Edamam API, and a geolocation API.
- The app optimizes grocery shopping by allowing users to create their own budget-friendly lists, locate the nearest stores, and suggest recipes.

SKILLS

- Code: Java, Swift, Html, CSS, C
- Tools: MySQL

LEADERSHIP

Robeson Scholar — Rutgers, Paul Robeson Leadership Institute

Sep 2019

- Participated in a comprehensive program encompassing specialized training, leadership workshops, career planning, and impactful research experiences.
